AMENDMENT AFTER FINAL

GROUP 3600

This is in response to the Office Action mailed February 14, 2003. Please amend the above-identified application as follows:

05/10/2003 FEDERAL REGISTER 09034127

In the Drawings

The Examiner has objected to the drawings because the previous amendment to figure 6 does not completely label the three views as 6A, 6B, and 6C.

A corrected drawing is submitted herewith. The correct numerical labels have been added to figure 6 as required by the Examiner. Applicants believe the corrected drawings overcome the objections to the drawings.

In the Claims

Please amend the claims as follows. Applicants have included herewith pages showing the mark ups of the claims with insertions and deletions indicated by underlining and bracketing, respectively.
